U.S. AIRWAYS IN-FLIGHT MAGAZINE TO FEATURE SLO COUNTY

For the month of April, U.S. Airways in-flight magazine will feature a very large, twenty-four page article about San Luis Obispo County and the EVC is pleased to be a part of the project. Highlighting tourism aspects and the business community, the ad will be viewed worldwide by over 3.2 million readers for the entire month of April. The EVC is placing the following 1/3 page advertisement in the article that was produced in-kind by [Verdin Marketing Ink](#), thanks to owner Mary Verdin. Our purpose for the ad is to get the attention of millions of readers who might consider moving or growing their business in the County from outside the area. Below is a copy of the ad (not actual size).

"This once in a lifetime marketing opportunity for our county's business and tourism sectors could not be passed up. The ad will have a QR code and web site address directing inquiries to a new page on the EVC's new web site being launched this March. The article and ad also meet with the objectives of the countywide economic strategy. A great thanks to Mary Verdin for having the Verdin Marketing Ink team create a wonderful ad to help our region."

SACRAMENTO - Today, Senator Sam Blakeslee announced he is authoring legislation that will mandate the Department of Parks and Recreation offer counties the option of temporarily taking over the operations and maintenance of any local state parks that close due to budget cuts. When the state proposes to close a unit of the state park system, Blakeslee's legislation will require the Department of Parks and Recreation to issue a formal notification to all affected counties and cities, allowing county boards of supervisors and city councils the option of voluntarily electing to take over park operations, thereby saving parks from closure.
